

A dining table set for a summer event. The table is covered with a bright yellow tablecloth. In the center, there are several large floral arrangements featuring yellow and white flowers, including ranunculus and tulips. The table is set with white plates, silverware, and various glassware, including wine glasses and water glasses. Candles in glass holders are placed around the table, creating a warm and inviting atmosphere. The background is softly blurred, showing a bright, airy interior space.

SUMMER 2024 LOOK BOOK

## SUSTAINABLE LUXURY EVENTS

Bubble has been designing and catering spectacular luxury events for 25 years. With accreditations at London's historic palaces, unique venues & contemporary spaces, our team of planners create exceptional events just about anywhere.

Gala dinners, one-of-a-kind weddings, product and exhibition launches, cocktail receptions, or immersive experiences: we bring the same passion and creative flair to every brief. Behind the style lies our commitment to beautiful flavours, professional service and operational excellence.

Bubble's Michelin-trained chefs create contemporary culinary wonders, sourcing only the highest quality, sustainable ingredients.

Bubble put the creativity and flair into your event, taking care of everything along the way so you can sit back and enjoy your celebration knowing you are in safe hands.

## FOOD PHILOSOPHY

Our incredible team of chefs passionately make breath-taking food, with the leadership of visionary Executive Head Chef, Jens Nisson. Bubble own an enviable reputation for excelling expectations and pushing the boundaries of event catering.

Regardless of style or design, Bubble sources only the highest quality, seasonal, ingredients to create contemporary culinary wonders.

Our expert sommeliers match Bubble's menus with the most exquisite wines that complement yet dazzle against the intricacies of our dishes. For something a little livelier, our mixologists create a seductive array of tantalising concoctions from the traditional through to drinks of the future.
